THE DAILY JOURNAL

Is the best daily paper published on the line of the Central Pacific Railroad, east of Sacramento, and having a general circulation throughout the State. It is especially valuable as an advertising medium.

THE DAILY AND WEEKLY JOURNAL have a combined circulation larger than that of any interior journal of Nevada, excepting those on the Comstock.

MISCELLANEOUS.

BISHOP WHITAKER'S SCHOOL FOR GIRLS, RENO.

This School has been in successful operation for three years and a half and has become well known throughout the State. From the time it was first opened until now no pains have been spared on the part of those who have it in charge to make it a

FIRST-CLASS SCHOOL.

Fully worthy the confidence of those who have daughters to be educated. And these efforts have been successful. It gives us pleasure to say that although the number of scholars has at some time been larger than during the last term, the School is now in better condition than it has ever before been, and it is now more than ever before, worthy of patronage and support.

TEACHERS:

Miss Kate A. Hill, the first Principal, returned and resumed her position at the beginning of the last term, to the great satisfaction of every scholar, and friend of the School. Mrs. L. B. Graham has also returned, and with Miss Hill will hereafter be identified with the School. Miss Eva Quaid, a teacher of music, is too well and favorably known to need any commendation from us. In addition to these the Rev. A. H. Jernsey, Miss Julia H. Woodruff, and Miss Jane Briscoe, three thoroughly competent teachers have been employed during the past term. Addition to the staff of teachers will be made when ever the wants of the School may require it, but with thirty-five scholars, the number in attendance during the last term, six teachers are amply sufficient to do full justice to every scholar. While special attention is given to the

Common English Studies.

And to the health and good manners of scholars, there is not wanting every facility needed for acquiring all the accomplishments of a

Higher Education.

One admirable feature of the School is that lessons in Free Hand Drawing, Singing and Penmanship are given regularly to all the pupils without extra charge. Callisthenics and Physical Training also receive due attention. But the best feature of the School is that it is a

Refined, Cultivated, Christian Home

It is in the formation of a pure womanly character in its pupils that its best and most enduring influence is to be found. There are few who have been long connected with the School who do not show the effect of this influence upon their character and habits. The charges are as low as they can reasonably be placed

\$300 a Year

Pays for Board and Tuition in all the English studies. Books and Washing are charged at the actual cost. An additional charge is made for private lessons in Music, Drawing or Modern Languages.

The Next Term begins on Thursday,
January 8, 1880.

NEWS OF THE MORNING.

Jules Favre, the eminent French statesman and Republican member of the Senate for the Department of Shone, and a member of the French Academy, died night before last, aged 71 years.

A Deadwood telegram says: Twenty-six deaths have occurred this month in this city and the neighboring camps, twenty-four of which were caused by the prevailing throat and lung epidemic. Nine of this number were children under ten years. With a population of less than 7,000 the death rate is very high. The weather is unfavorable.

The Pope is surprised and indignant at Cardinal McClosky's reception of Parnell in New York, and has ordered Cardinal Nina, the Papal Secretary of State, to telegraph Cardinal McClosky for information on the subject.

A conference of Tammany Democrats from all parts of the State will be held in New York to-day. It is expected that about a hundred prominent men will be present. John Kelly will be on hand. The object of the meeting is to make preliminary arrangements for the Presidential convention. The result of the conference will be to arrange for calling a convention of Democrats opposed to Tilden, which shall take such steps as may seem best to defeat any movement now or hereafter to be made to secure Tilden's nomination.

Ex-Governor Garcelon will live in history as the Maine muddler. He has killed the Democracy in the Pine Tree State.

The House having ordered an investigation into the \$2,000,000 deficiency in the "star" service of the Postal Department, there will now be music among the mail bags.

An effort will probably be made in the present Legislature to cut off a portion of Mono county and create a new county, comprising Bodie mining district with Bodie as the county seat.

The Republicans are now in complete possession of the State House and government of Maine. Governor Davis is generally recognized. Smith is glad for an opportunity to be let down easy. Lamson still blusters. The State House is still guarded.

It is said to be the intention of the Empress Eugenie so to time her visit to Zululand that she may be on the spot where her son met his death on the anniversary of that sad event, the first day of June. Lieutenant Carey will not be detailed as the escort of the illustrious lady in that sad pilgrimage. This somber duty will be devolved upon Sir Evelyn Wood, for whom the poor Prince Louis conceived a great regard during the latter's short career in Zululand.

Ouray is beginning to talk war in Washington. He refuses to expatriate himself and his tribe from Colorado. If the Government does not defend him and his people, they will try to take care of themselves. Perhaps this is about the very best solution of the Ute trouble that could happen. Ouray admits that the White River Utes have forfeited their treaty rights, but claims that his section of the tribe has done no wrong.

Russia is apparently making great preparations for war, and is rapidly having manufactured large numbers of death-dealing instruments. She probably desires to kill others simply to keep her people busy and prevent them from making war upon her. A famous ruler of ancient times remarked that the only way to quiet turbulent people in a despotic Government was to turn them out to kill somebody else, and that is just as true to-day as it was then. Russia is a seething volcano, and she seeks to save herself by turning it loose on somebody else.

THE WEEKLY JOURNAL

The WEEKLY JOURNAL, published every Saturday, will be furnished to those desiring it at 2.50 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the county. Those desiring to subscribe for the WEEKLY JOURNAL will please call at the publication office.

JOE PRINTING.—This office has every facility for doing all kinds of job printing. And inasmuch as all home industries should have the preference over all others, we should be pleased to receive orders at any time for that class of work.

THE RUSSIAN BUDGET.

The Russian budget for the year 1879 shows an exact balance between the income and expenditure of the Empire, each being 680,000,000 rubles. This statement is little more than a guess. It is based on the Comptroller's report for the year 1878, which was published at St. Petersburg on the 1st inst. The report was extremely favorable. Expenses had, in round numbers, been estimated at 600,000,000 rubles, and it was thought there would be a deficit of 27,500,000. These estimates were entirely wrong, and the budget showed a balance of 68,000,000 rubles in its favor. For example, the customs dues had been calculated at 55,500,000 rubles; they realized 79,250,000 rubles. For liquors the estimate had been 193,000,000 rubles; they realized 213,000,000 rubles. For the sale of chargers and munitions of war 2,000,000 rubles were expected; 8,250,000 rubles were obtained. For railways the estimates were 4,000,000 rubles; the receipts, 6,250,000 rubles. For the forests the estimates were 9,250,000 rubles; the receipts, 11,250,000 rubles. On the other hand the sale of tobacco realized 1,000,000 rubles less than was calculated, and the sale of salt 2,000,000 rubles less. For 1879 the results were expected to be hardly so favorable, though domestic trade has made unexpected strides. If Russia had a ministry of commerce, intrusted to a specialist who should be charged with the superintendence of railroads the commerce of the country would develop enormously, and the paper money, which is now even lower than during the war, would return to its legal value. Hitherto the Ministry of Finance has done nothing to restore the value of the ruble nor to stimulate trade. It has not even pushed forward the Siberian railroad, so long expected. The saving of 30,000,000 rubles in the Turkestan budget has given an impetus to the Central Asian railroad. In brief, the Russian budget may be accepted as generally satisfactory, and it is the more a matter of congratulation, as the financial condition of the country will probably decide the question of peace or war in Europe.

INTERSTATE COMMERCE.

The committee having in charge the Reagan bill to regulate interstate commerce, or, in other words, to enact Congressional regulations of railroad fares and freight charges, has determined to hear further evidence on the subject and may call for a number of experts to testify. The Washington correspondent of the New York Herald writes the annexed statement of the feeling in Washington:

The Reagan bill, as it stands, is regarded by experts as a most unwise measure, and the general opinion of those who have more carefully studied the railroad problem is that the time has not yet come for any definite action by Congress. The necessities and rivalries of the railroads are in themselves solving many important questions, and it is said here that the Board of Arbitration which has been for some time established by the voluntary action of the trunk lines, and to which they have agreed to refer questions binding themselves to abide by the decisions made, has done effective work, and is likely to do more. It is thought that the Committee on Commerce would do well to summon before them Charles Francis Adams, Jr., and D. A. Wells, who are members of this board of arbitration, and from whom they and the public might get important light on a difficult subject.

THE DEATH RATE of our country is getting to be fearfully alarming, the average of life is being lessened every year, we hunt any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find too late, that a fever or long trouble has already set in. Thousands lose their lives in this way every Winter, while had Boeschee's German Syrup been taken, a cure would have resulted, and a large bill from a doctor been avoided. For all diseases of the throat and lungs Boeschee's German Syrup has proven itself to be the greatest discovery of its kind in medicine. Every druggist in this country will tell you of its wonderful effect. Over 950,000 bottles sold last year without a single failure known.

Advertising Medium.

The advertising columns of the JOURNAL afford an excellent opportunity to our readers to study on where purchases of all kinds can be made on the most advantageous terms. All classes of goods can there be found advertised from a suit of clothes or nice silk dress to the daintiest ornament in the jewelry line. The JOURNAL reaches nearly every family as well as business house in the county, and, therefore, advertisers seek its columns that the public may know what they have for sale.

A firm of Westphalia, Conn., a short time ago perfected a needle making machine, by means of which 100,000 needles can be stamped and bored in 10 hours.

LATEST NEWS.

Garfield is 48 years old. Ben Butler is dodging Kearney. Bodie wants to incorporate. Randall hurries to deny meddling in the Maine business. A Louisiana hen, set for chicken, has hatched out three alligators. A new telegraph line, from Virginia, via Bodie, Sonora and San Jose, to San Jose, is proposed. It will be 370 miles long and cost \$25,000.

Bodie now has water works. Mrs. Martin, of Bodie, whom a desperado was hired to kill for \$5, will recover. Chicago sent \$4,700 to Ireland.

IMPORTANT LETTER
From a Distinguished Physician.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the mind, one or more and sometimes all yield to this destructive influence. The poison it disseminates throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored because but little understood by most physicians, it is impotently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is here that the popular treatment of this terrible disease by remedies within the reach of all passed to hands at once competent and trustworthy. The new and hitherto untold myth adopted by Dr. Sanford in the preparation of his RADICAL CURE has won my hearty approval. I believe it likely to succeed where all the usual remedies have failed, because it strikes at the root of the disease, viz, the diseased blood, while it heals the diseased membrane by direct application to the blood passages. Its action is based on certain fixed rules, and unless the vital forces are too far exhausted, none, in the great majority of cases, effect a cure.

Geo. BRARD, M. D.

Noncoteville, Pa., FRANKFORD, Oct. 1, 1874.

SANFORD'S RADICAL CURE

MAY safely claim to be one of the few popular remedies receiving the approval of medical gentlemen who, in private, not only freely recommend it but use it in their families in preference to any of the preparations usually prescribed by physicians. "You are aware," said a distinguished city physician, "that my obligations to the Alameda Medical Society are such that I cannot publicly commend the Radical Cure, but I desire to state that I received so much relief from its use of myself, after a thorough trial of the usual remedies, I have privately advised it to my private friends, and I have sent your name to less than one hundred of my patients for it."

UNIVERSAL SATISFACTION.

GENTLEMEN.—We have sold SANFORD'S RADICAL CURE for nearly one year, and can confidently state we never sold a similar preparation that gave such universal satisfaction. We have to learn the first complaint of a patient. We are sure in the habit of recommending patients to medicine, but your preparation meets the wants of thousands, and we think those afflicted with Catarrh and other diseases of the bladder suffering will be relieved. We have been in the drug business for the past twelve years constantly, and have sold everything for Catarrh, but I have rarely advised it, until I saw your name in this letter or any part of it that you wish.

Yours truly yours, J. J. BALDWIN & CO.

COLLINS' VOLTAIC PLASTER

An Electro-Galvanic Battery combined with a highly Medicated Strengthening Plaster, forming the best Plaster for pains and aches in the World of Medicine.

ELECTRICITY

As a curative and restorative agent is not equalled by any element or medicine in the history of the world. It takes the vital spark and restores the body to its normal condition. It is the best remedy for all physicians and surgeons, and has rescued thousands, apparently dead, from an untimely grave, when no other human agency could have been of service. This is the leading curative element in this Plaster.

BALSAM AND PINE.

The healing properties of our own fragrant balsam of pine, which is the best in the world, are well known to require description. Their grateful, healing, soothing, and strengthening properties are known to thousands. When combined in accordance with late and improved scientific discoveries, their healing and strengthening properties are increased to a point in this respect our Plaster is the best in use without the aid of electricity.

TWO IN ONE.

Thus combined we have two grand medical agents in one, each of which performs its function and unites to produce more cures than any liniment, lotion, ointment, or plaster ever before recorded in the history of medicine. Try one. Price, 25 Cents.

Sold by all Wholesale and Retail Druggists throughout the United States and Canada, and by WEEKS & PUTTER, Proprietors, Boston, Mass.

NEW TO-DAY.

Blue Ribbon.

On Sunday and Monday Rev. Mr. Burekholder delivered temperance lectures at Huffaker's and organized a Murphy Blue Ribbon Temperance Society with 48 members, many of whom have been hard drinkers. An organization was perfected by the election of the following officers: President, J. S. Tolles; First Vice President, J. C. Haynes; Second Vice President, C. H. Lambert; Secretary, Alice L. Ede; Treasurer, Mrs. A. M. Lamb. The Society will hold meetings once in two weeks.

District Court.

Yesterday's proceedings before His Honor, S. D. King:

Barnett Bros. vs. Geo. B. Hill, stay of proceedings granted for five days to file statement on motion without trial.

Peter Dalton vs. Jas. Mayberry; plaintiff has leave to file supplementary complaint.

Estate of J. J. and Isabella Woodworth; ordered that S. A. Ringo be appointed referee to take testimony.

Charlboro vs. Mayberry; on trial.

A Poet.

W. A. Lawson, of the Gazette, is a poet. The Argonaut of last week contains a few verses from his pen, in which in rhyme he tells all about his meersham pipe, and says that "wine, women and song" cease to please with time, but the pipe never. Lawson, old boy, you had better be kind of careless how you talk like that.

Funeral.

The remains of Guiseppe Gardella, found with a bullet hole through his head, near Huffaker's, was buried yesterday afternoon from the dead house. A large number of Italians followed in wagons.

Behrman & Wyntt desire to return thanks to the public for the liberal patronage bestowed upon them while in the restaurant business in Reno.

The District Court is four days behind on its calendar. Two cases took that much longer than it was expected they would.

Official notice of the \$2 assessment upon the capital stock of the N. S. A. M. & M. S. is published.

A small boy and a gun are all very well apart, but a fearful combination.

Another howling purp in the pound.

The Franktown Death.

We announced yesterday the death of Louis, the eleven-year-old son of Jos. Frey of Franktown, by hanging. We have since learned the following additional facts: The boy and his elder brother had a little trouble about cutting kindling wood, just as boys frequently will, but nothing more occurred than that at other times when spats were had. Louis was fond of playing with ropes, and the supposition is that he had no idea of suicide when he placed the fatal noose over his neck last Sunday, and that had not the ground been very steep he would not have strangled. Those best acquainted with the sad affair think that he was simply experimenting with the rope and that his feet slipped down the embankment, and that he became choked so badly that he could not regain himself. The affair took place behind the ice house. Shortly after the quarrel the boy was missed and search was made for him in the barn and other likely places. The elder brother found the body after it had been hanging an hour—the feet were then resting on the ground. The impression was that it was an intentional suicide, but certainly a 11-year-old boy could not realize what suicide was, and we prefer to believe that the theory advanced by the friends is the correct one, and that it was accidental. The funeral will take place this afternoon at 2 o'clock from George Becker's residence.

Carriers of Water.

Across the river the ranchers are without water—the ditches having all been frozen up. The nearest point from which water can be procured is the river and to it they go with large barrels about twice a week, thus supplying the household. R. P. Chapin, of the Arlington Nursery, has to water the plants in his hothouse and has gone into the water carrying business on the wholesale. The ditches are even full of ice and snow. On this side pipes are constantly freezing and require thawing out every day or two. Nothing like cold weather for the development of latent energy.

G. A. R.

Last Monday night Mustering Officer E. B. Zibriske organized McPherson Post No. 12. G. A. R. in Reno, with fourteen members. The following officers were elected: P. C., A. C. Evans; S. V. C., S. A. Hamlin; J. V. C., T. F. Laycock; Q. M., Isaac Chamberlain; Surgeon, H. H. Hogan; Chaplain, W. R. Jenvey; Officer of the Day, C. McGee; officer of the Guard, G. W. Schmitt; Adj., W. L. Bechtel; Sargt. Major, B. F. Fletcher; Qr. Mr. Sergt. R. R. Fox; Sentinels, Johnson and Palmer. The veterans will live over again the stirring scenes of the war.

Hol For Donner.

Donner Lake, the scene of so many joyous picnic parties, is frozen over entirely, the ice in some places being over ten feet thick. We rise to make a suggestion; Let's get up an excursion party and go up there and have a good skate. It is seldom that the lake freezes entirely over and we may not have another chance very soon to have as good a skate as is now offered. Will some one take the initiative. A crowd would go, we are confident, if excursion rates could be secured.

"Sagebrush Leaves."

The Carson Appeal says: The Appeal has received several inquiries of late regarding "Sagebrush Leaves." Several parties to whom the books were sent weeks and in some instances months ago have failed to receive them. Agents of the book, appointed by the regular committee, who have not received their books, will communicate with this office once as there are less than 100 volumes left. State papers will confer a favor by copying this notice.

No Dance.

The Leap Year party for the married folks, which was announced for to-night has been indefinitely postponed. There is talk of a dance to be given some time next week, probably Tuesday night. It will be conducted by the ladies.

The morbid curiosity of humanity was well illustrated while the body of the suiciding Italian was lying in the dead house. Large numbers of persons who never knew that such a person existed nor cared anything about him, flocked to see it and examine the wound. Even small school children rushed to view the ghastly spectacle. This is all wrong, and should not be permitted.

One of the rumors extant yesterday about the recovery of Richardson's body was that a bullet hole through his head was a new feature of the case. This doubtless arose from the Italian's case, whose burial is announced elsewhere.

Lake Tahoe never freezes over. No matter how cold the weather it will not form upon its waters. Geneva Lake, New York, possesses the same peculiar features.

Seven prisoners in the county jail. The terms of four vagrants expired a few days ago, reducing the number to the figure stated.

NOT FOUND.

Harry Richardson Still Missing—Efforts Made to Recover the Body—Runners.

Yesterday morning the news spread that the body of Harry Richardson, the plumber, who has been missing since last Friday, had been found in the river below Glendale. N. P. Jaques and W. J. Gillespie, acquaintances of Richardson, started a subscription to give him a decent burial and in a short time \$46 90 was subscribed. Hardly had this been done than the report turned out to be incorrect, and the gentlemen desire us to say that the money and list have been deposited in Bender's bank, where they will be left a few days, when if the body is not found, they will return the money to the generous contributors.

Ever since the day Richardson was missed parties have been searching the river and yesterday W. R. Chamberlain fitted out a party who went down to make a more thorough examination still. A gentleman who has been at the place where the clothes were found tells us that the coat was on the bank, while the other articles were out on the edge of the ice which projects out over the water and several feet above it. The stream at this point is very swift. Footprints going to the edge of the ice were easily traced, but none returning, and it was much too far to jump to the other bank, so of course he must be in the water. The memorandum book proves that the articles belonged to Richardson. He had been on a protracted drunk and must doubtless have had delirium tremens, during which he rushed into the water. Every effort will be made to recover the body but it may possibly not be recovered until the ice melts.

Personal.

Col. Gillette will, it is said, be the new Supt. of Sierra Nevada.

Geo. A. King, of Virginia, was a passenger below last evening.

Senator Jones will leave for Washington to-morrow.

C. C. Batterman, Warden of the State Prison, was in town last evening.

G. W. Cassidy, of Eureka, was a passenger on the westbound train last night. Augustus Ash, United States Marshal for Nevada, has been renominated by the President.

The Concert.

The character concert last evening was largely attended, and there was not one in the audience but was pleased. We shall endeavor in our issue of tomorrow morning to notice it in detail.

The case of Charlboro vs. Jas. Mayberry occupied the District Court two days. The next case will be Clonette et al vs. Mayberry.

The Grand Jury committee are busy overhauling the officers' books. The Grand Jury meets again on the 26th.

The report comes from Truckee that another change in the railroad time table is contemplated.

A substantial street crossing is being laid across Commercial Row in front of the Merchants' Exchange.

The air is changing as if another storm was brewing.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S HOOTHING SYRUP. It will relieve the little sufferer at once—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle. Jan10-17-SUNF&W

The cheapest place in Reno for drugs, medicines, and patent medicines, is at Myers' drug store, two doors west of the Postoffice.

Pinniger & Queen, thank their friends and patrons for their liberal patronage the past year, are pleased to be able to announce that they have better facilities than ever for supplying the purest and best of medicines, toilet articles, wines, bradies, and everything kept in first class drug stores. They make a specialty of compounding physicians' prescriptions in a correct and scientific manner from the purest chemicals. Their medicines are of the best quality and they will not be undersold by anybody. j9

Sheets & Wagar, dentists, have removed to their new quarters in Sunderland's brick. All work in their line promptly attended to at reasonable prices.

If you want your watch repaired to give satisfaction go to Davidson's jewelry store, two doors west of Postoffice.

Goeggel is the best watchmaker in Reno. None but good work leaves his hands.

Drawing School.

MR. LAYCOCK will open a class in free hand drawing at the Public School on Monday, January 19th, for the school children and others who wish to attend. The time of class will be as follows: From the close of the school for one hour each day, except Friday, and from 3 to 4 Saturday afternoon. Terms, \$1 per week in advance. Should a sufficient number of pupils be obtained, he will also start an evening school for adults, on Mondays, Wednesdays and Fridays, from 7 to 9. All wishing to join will please leave their names at Pinniger & Queen's drug store. Jan14

ATTENTION!—The greatest wonder yet discovered in medicine is Mrs. Dr. Howe's celebrated neuralgia and toothache cures. Would you rather suffer the pain of having a tooth drawn than buy a bottle of Mrs. Dr. Howe's toothache medicine that will stop the pain and save the tooth? Mothers should not be without it for their infants; a few drops in a little warm water to swab a teething babies mouth will instantly relieve the little sufferer. The medicine does not canterize and is very pleasant. Sold by all druggists.

Scientists May Differ

About the pathology of rheumatism, its origin and whether it be hereditary, but irrefragable testimony proves that when a tendency to it develops itself, Howie's Stomach Bitters is a reliable means of subduing that tendency. Some of the prescribed remedies for the disease are decidedly objectionable from the danger attending their use, others are utterly ineffectual, the best, the safest, the most efficacious, this very obstinate malady, the more effectively to overcome it, should be grappled with at the outset. Every one knows what terrible, what ceaseless pain it can inflict. Why then, should this atrocious, often fatal complaint be allowed to gain headway through indifference to its earliest symptoms, when a safe, long tested and strongly recommended medicine presents itself. In addition to suggesting this as a means of relief it seems not inappropriate to caution the rheumatic against exposure.

At Goeggel's you will find watches, diamonds and solid jewelry of elegant designs. There is not a more reliable place in town. Every article is warranted as represented.

DR. C. McLANE'S
LIVER PILLS

are not recommended as a remedy "for all the ills that flesh is heir to," but in affections of the Liver, and in all Bilious Complaints, Dyspepsia, and Sick Headache, or diseases of that character, they stand without a rival.

ACUE AND FEVER.

No better cathartic can be used preparatory to, or after taking quinine. As a simple purgative they are unequalled.

BEWARE OF IMITATIONS.

The genuine are never sugar-coated. Each box has a red-wax seal on the lid, with the impression, McLANE'S LIVER PILLS. Each wrapper bears the signatures of C. McLANE and FLEMING BROS.

Insist upon having the genuine Dr. C. McLANE'S LIVER PILLS, prepared by FLEMING BROS., Pittsburgh, Pa., the market being full of imitations of the name McLane, spelled differently but same pronunciation.

HEALTH,
STRENGTH AND ENERGY,

WITHOUT THE USE OF DRUGS, ARE REQUESTED TO SEND FOR THE "ELECTRIC REVIEW," AN ILLUSTRATED JOURNAL, WHICH IS PUBLISHED FOR FREE DISTRIBUTION.

TREATS UPON HEALTH, HYGIENE, and Physical Culture, and is a complete encyclopedia of information for invalids and those who suffer from Nervous, Exhausting and Painful Diseases. Every subject that bears upon health and human happiness, receives attention in its pages; and the many questions asked by suffering invalids, who have despaired of a cure, are answered, and valuable information is volunteered to all who are in need of medical advice. The "Electric Review" is a true medicine, and the hundred and one questions of vital importance to suffering humanity, are duly considered and explained.

YOUNG MEN

And others who suffer from Nervous and Physical Debility, Loss of Manly Vigor, Premature Exhaustion, etc., are especially benefited by consulting its contents. The "ELECTRIC REVIEW" exposes the unmitigated frauds practiced by quacks and medical impostors who profess to "practice medicine," and peddle out the only safe, simple, and effective road to Health, Vigor, and Bodily Energy. Chronic and Special Diseases.

YOUNG MEN

WHO MAY BE SUFFERING FROM THE

effects of youthful folly on the system will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee a cure for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure.

There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genital urinary organs.

Office Hours—10 to 4 and 6 to 8—Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, \$5.

P. S. For private diseases of short standing a full course of medicine, sufficient for a cure, with all instructions, will be sent to any address on receipt of \$10.

The circulation of this popular newspaper, has more than trebled during the past year. It contains all the leading news contained in the daily Herald, and is arranged in handy departments. The

Foreign News

embraces special dispatches from all quarters of the globe. Under the head of

American News

are given the Telegraphic Dispatches of the week from all parts of the Union. This feature alone makes

The Weekly Herald

the most valuable chronicle in the world, as it is the cheapest. Every week is given a faithful report of

embracing complete and comprehensive despatches from Washington, including full reports of the speeches of eminent politicians on the questions of the hour.

The Farm Department

of the Weekly Herald gives the latest as well as the most practical suggestions and discoveries relating to the duties of the farmer, hints for raising cattle, poultry, grains, trees, vegetables, etc., with suggestions for keeping buildings and farming utensils in repair. This is supplemented by a well edited department, widely copied, under the head of

The Home,

giving recipes for practical dishes, hints for making clothing and for keeping up with the latest fashions at the lowest price. Every item of cooking or economy suggested in this department is practical, as tested by experts before publication. Letters from our Paris and London correspondents on the very latest fashions. The Home Department of the Weekly Herald will save the housewife more than one hundred times the price of the paper. The interests of

Skilled Labor

are looked after, and everything relating to mechanics and labor saving is carefully recorded. There is a page devoted to all the latest phases of the business markets, crops, merchandise, etc. A valuable feature is found in the specially reported prices and conditions of

The Produce Market.

Sporting news at home and abroad, together with a story every week, as written by some eminent divine, literary, musical, dramatic, personal and war notes. There is no paper in the world which contains so much news matter every week as the Weekly Herald, which is sent, postage free, for one dollar. You can subscribe at any time.

manufacturers, and have constantly on hand

PORTING,

MINING,

AND BLASTING

POWDER

Of superior quality, fresh from the mills. It is constantly received and transported into the interior, is delivered to the consumer within a few days of the time of its manufacture, and is in every way superior to any other Powder Market.

We have been awarded successively

THREE GOLD MEDALS

By the MECHANIC INSTITUTE and the STATE AGRICULTURAL SOCIETY for the superiority of our products over all others.

We also call attention to our

HERCULES POWDER.

Which combines all the force of other strong explosives now in use, and the lifting force of the Best Blasting Powder, thus making it vastly superior to any other compound now in use.

A circular containing a full description of this Powder can be obtained on application to our Office, or of any of our Agents.
